Polyethylene Salt Box 18 Cubic Foot Capacity Yellow/Black

MODEL HDSB-18

Facilities Maintenance / Salt Boxes

PRODUCT OVERVIEW

An economical salt box is a great addition to any business or public facility. The box is constructed of a durable polyethylene that withstands the harsh effects of salt and other ice melting products. The bright yellow color with contrasting sloped black lid provides great visibility in the work area during times of need. The unit is lockable for both safe transporting and to ensure the only users are authorized personnel. The large capacity allows for great amounts of material to be placed in the box for space saving efficiency. Included on the underside of the unit are fork pockets for simply lifting and transporting.

KEY FEATURES

- Strong heavy duty construction for long term use
- Lockable for extra security
- Large holding capacity for convenient storage
- Accessible fork pockets for easy maneuvering
