Polyethylene I Beam Flange Guard 7-1/2 In. x 36 In. Yellow

MODEL IBEAM-GRD

Protective Barriers / Polyethylene Ultra I-Beam Protector

PRODUCT OVERVIEW

I-beam guard fit onto structures that otherwise could not have protector spliced on them. Four guard units completely cover I-beam (units sold as each). Install multiple units in a "stacked" mode for higher protection from scissor-lifts, raised forklifts and other high-reaching equipment. Specially designed groove allows for quick and easy installation.

KEY FEATURES

- I-beam guard allows installation on beams obstructed by walls or other structures
- Four guard units completely cover I-beam for maximum efficiency (units sold as each)
- Features a "stacked" mode for protection from high-reaching equipment
- No straps or fasteners required.
