Steel Adjustable Stacker with Powered Lift 63 In. Raised Height 3,000 Lb. Capacity Black

MODEL SL3-63-AA

Ergonomic Solutions / Stacker with Powered Lift

PRODUCT OVERVIEW

An adjustable stacker is one of the most efficient ways to move items, both large and small. With a 12V DC powered lift, items can easily be placed at a more ergonomically friendly height that diminishes bending and twisting . When moving the unit from area to area, the dual handles are well positioned to give the user control and stability. The legs of the unit are adjustable to allow the stacker to fit in a variety of settings. Stacker includes a baked in powder coat finish for added toughness.

KEY FEATURES

- Manually maneuvered between areas
- Pivoting steering handle for compact spaces
- Powered lifting and lowering of items
- Adjustable forks to fit a variety of sizes
