

Steel Manual Rough Terrain Stacker 62 In. Raised Height 2,000 Lb. Capacity Yellow

MODEL RT-MS-62-AF

Ergonomic Solutions / Rough Terrain Stacker

PRODUCT OVERVIEW

A rough terrain stacker is capable of going where other stackers can't. The manual design benefits the user by giving precise movement of the unit in particular areas. A simple handle pump lifts and lowers, without the need for mechanical power. Just a simple hydraulic action leads the forks up or down to the desired height. The rubber tires provide stability when traversing rough or uneven surfaces. Baked in yellow powder coat finish.

KEY FEATURES

- 2.125" to 62" service range
- Wide, straddle based design
- Adjustable forks
- Full height wire-mesh back guard
